Ralf Brockhaus

CEO, SmileFish

Mobile Application Development and Cloud Solutions for the Internet of Thing

April 17, 2015 @ 11am
Calit2 Room 3008
University of California, Irvine

Ralf has a M.S. and B.S. in Computer Science and 20 years of professional software development experience in a wide range of technologies and is deeply familiar with most aspects of developing enterprise-level software applications - including performance, scalability, security, and integration of emerging technologies. In 2011, Ralf founded Smilefish and left a rewarding senior development management position at IBM to fully focus on Social Media and Mobile Application development. He received a Distinguished Instructor Award for teaching Mobile Development, Social Media Applications, and Agile Development practices at the University of California, Irvine (UCI Extension).
